St. Gregory the Wonderworker

November 17

Born into an affluent pagan family in Neocaesarea (in modern Turkey), Gregory studied law and the traditional Greek and Roman classics. He and his brother were sent for further study to Caesarea in Palestine, where they enrolled in the school of the great Christian thinker Origen. Gregory came to learn pagan philosophy; however, his teacher converted him (and his brother, Athenodorus) to Christianity.

When Gregory returned home, he found a Christian community of 17 people waiting for him. Soon afterward, Gregory was elected bishop. Although his training was in speculative theology, Gregory's pastoral work was concerned with practical applications of the faith. His skills were such that some of his flock soon attributed miracles to him—hence his nickname "The Wonder Worker."

One legend tells how two brothers quarreled over possession of a lake and asked Gregory to arbitrate between them; Gregory is said to have divided the lake into two bodies of water, giving one to each brother. In another legend, he moved an entire mountain.
